SmarTek Acoustic Sensor - Version 1 (SAS-1)

Installation and Setup Guide

Master Section/Document List

04 April 2003

Note: In all cases, do not work or position equipment over an active traffic lane. Working over active lanes presents a hazard to the installer and to travelers using the highway. Follow local authorized procedures when installing the SAS-1 unit and any associated components or subsystems.

SAS-1 Installation and Setup Guide List of Sections

The SAS-1 Installation and Setup Guide contains all information necessary to install and setup the SmarTek Systems Acoustic Sensor (SAS-1). This guide is divided into multiple documents (files) to allow easy downloading from the SmarTek Systems web site and to facilitate easier and more timely update of this guide when necessary. Every effort has been made to ensure the accuracy of this document relative to actual setup and operation of the SAS-1. It is highly recommended that end users first participate in SAS-1 training provided by SmarTek Systems staff before attempting to install and setup the SAS-1 for operation.

Section/Document List

Part A SAS-1 Introduction and Background

Part B SAS-1 Specifications and Service Information

Part C SAS-1 Operating Modes and Architecture

Part D Unpacking, SAS Monitor and Setup Installation, and Quick Checkout

Part E Installing SAS-1 at the Monitoring Site

Part F SAS-1 Setup Using SAS Monitor and Setup

Part G SAS-1 Communication and Message Formats

Part H SAS Relay Interface Configuration and Connection

Part I SAS-1 Wireless Configuration and Connection

Part J SAS-1 Interface Cable Diagrams
